

Gdańsk, Sept. 6th, 2021

To whom it may concern

Pomerania Development Agency Co. confirms,

ADM Consulting Group Co. is providing 20 services as Foreign Export Broker on foreign markets: USA, United Kingdom, Sweden, Finland and Norway from June to October 2021. The services are actions within the project The Pomeranian Export Broker [www.brokereksportowy.pl](http://www.brokereksportowy.pl) co-financed by European's Union funds.

The services are addressed to small and medium enterprises from Pomerania region that are interested in exporting products/services.

The aim of the services is to support companies in practical research of potential foreign markets and arranging meetings with potential business partners.

The single service includes:

1. The report of foreign markets recognising business opportunities of chosen products and services. The report consists also of necessary basic information for business activities (legal, customs, tax and marketing issues).
2. The supporting activities for companies providing them new business contacts and helping them to establish business relationships with potential foreign business partners by organising business meetings for them.

Pomerania Export Broker is the export support program offering wide range of services and actions for SMEs. The content of the reviewed measure is to create a complex system of supporting SMEs in export activities. Main services offered by Pomerania Export Broker are:

- Local Export Brokers
- B2B events, business missions in and out, trade fairs with regional stand
- Seminars and export courses
- Foreign Export Brokers
- Grants for internationalisation
